FOREWARD

Greetings to All Flower Lovers Everywhere:

It is with pleasure that I bring to you my 1952 Annual Flower list. As you seel am sending you a sheet or list, describing hundreds of Iris and other flowers, plants, etc. This I decided to do to cut printing cost, and at the same time cut prices on many varieties of Iris and other plants so that you can have a whole gardenful of fine flowers at a reasonable price. Don't forget to take a look at the free premiums offer I

am giving again this year.

I also want to say a word about the older varieties of Iris. I have discontinued some thirty-five varieties which were sold out last season. I must do this to give room for the newer ones I am planting each year. I would advise you to order the ones you want, especially in the 25c class early, because I know many of them will be gone before

another year.

. 14

Now many thanks for your orders and fine letters I have received last year. I hope you will enjoy a happy season this year with your flower garden. May the Lord richly bless you and keep you. member you and your friends are always welcome at my gardens. blooming season is the last week in May or the first week in Jone.

Sincerely yours,

T. H. LEEMHUIS, Proprietor.

PLEASE READ BEFORE ORDERING.
